### OUR SCHOOL ELECTION.

On April 4 the citizens of Hayti will hold their annual school election, and as the matter of taxation is an important one, the people should post themselves and know just what they are voting for and why, lest they may continue to burden themselves with high taxes, yet never know how it is done.

In the first place, we had 20 years in which to pay for our school building, at a low rate of interest, and the time is only half out—only 10 years has passed—and it is said we have enough money on hand to pay the full amount. If this is so, then it is plain that we have been paying twice the amount necessary, that we are shouldering upon ourselves burdens which should be shared by others at some later day, when the town is larger and the people more able to pay.

The second matter to consider is the teachers' fund.

This is another instance where we have overtaxed ourselves where and when not needed.

It is said that there will be something like \$2,000.00 surplus in the teachers' fund—money that is not needed now, and must remain idle.

So there you are.

We cannot understand just why the school elections are never advertised in the newspaper, that all the people might know just what is to be voted upon and be better enabled to inform themselves.

This year the election is to elect county superintendent and two directors, and also to fix the rate of taxation for teachers' and incidental funds.

Every one should think these matters over carefully and be prepared to cast an intelligent vote.

It is a mistake to think that your life is harder, that you have more trials, tribulations, misfortunes and disappointments than other people have, unless these things come as the result of your own acts, mistakes or indiscretion. Kindly observe others—notice their earnest effort, labor and painstaking, their economy and their thrift. You can do the same thing, if you will only try. Now look at your own self—your idleness and your indolent, careless, don't-care, extravagant way, the opportunities in life you let pass. Could you expect anything else but hardships? The world is not a play toy; it is a

place for hustle—get-up-and-get-there, vim and vinegar, and you have got to go after what you get. Depend upon self, have confidence, get busy. The world is all right. The trouble is all with you.

What would you think if the Herald should come out with the announcement: "This is the last issue in Hayti; the paper will be moved?" That has occurred twice in Hayti, besides about five other newspaper failures. It is no easy task to run a newspaper here, and we need more assistance than we get. We have put up a long, hard fight for our town and have done much good, and now, when the hardest of the battles are over and we should receive some reward, the people should not forget how badly they needed a paper and how hard it was to get one, by making it possible for it to starve and go down and out. We are already worked down and worn out, and cannot think of bearing the hardships in the future that we have had to bear during the past 30 months.

It is a good half mile from the business part of town to the depot; the business part of town has four saloons for a marshal to watch, while the depot has none. Hence it is very difficult for an officer to see and know everything that happens at the depot, and more in particular since most of the disturbances occur at night. The people should remember this and not forget to use their phones from either end of town. An officer cannot be everywhere at once.

We have had considerable trouble on account of certain advertising space, and it seems that some advertisers want certain space or none. Now, it is simply impossible to give every advertiser the same position or space. We try to do the best we can for all, so after this year we shall not contract the "disputed space" to any one, but shall hold same for news and to place ads on in case of emergency. This way, there can be no complaint.

It seems that a great many people are under the impression that the night marshal is appointed and kept in office by the day marshal. That is a mistake. The night marshal is appointed by the mayor and board of aldermen and fills his own bond. The day marshal is also city collector and gets \$30 a month salary and a per cent on collecting and fees for arrests, etc., while the night marshal gets \$10 a month and fees on arrests.

The Advance New-Era is a new paper, by C. C. O'Neal, and it is a credit to its publisher and to its town. Advance cannot get along without a newspaper and it is up to the citizens of the town to make the paper a success.

The Portageville Critic has come out as a strong socialist journal. While we are not a socialist, we cannot help but admire any man who comes out in the open and follows the dictates of his own conscience.

Guy Cooksey, who is running one of the best papers in Southeast Missouri, the Sikeston Hornet, says he don't know whether or not he is a socialist. Better look before you leap, Guy.

It is just a little embarrassing to look over our exchanges and see them all publishing "notices of school elections" when for three years the Herald has never been favored with one.

### MORE GOOD WORDS.

Wm. York of the Hayti Herald has recently improved his paper greatly by making it six columns. It was formerly five columns in width.—Steele news.

We have received a copy of the Hayti Herald, enlarged to a neat six-column, all home print, neat and newsy and liberally patronized by the business interests of the town. We congratulate the management on their new effort.—Advance New-Era.

In the circuit court at Caruthersville last week, Judge Foris decided in favor of the Hayti hog law. This is as it should be, as the law has proven to be a good thing, and many people who at first bitterly opposed the law are now its best friends and would not do without the law. We are glad it is this way and glad our people are willing to learn and to forget their mistakes.

Caruthersville Democrat: There will be a special meeting of the county court today to make settlements with John W. McFarland, the outgoing collector, Charles Pierce, who was elected at the last election taking charge tomorrow. In retiring John McFarland scores a connection of some 14 years spent in the sheriff and collector's offices, and retires of his own volition he not being a candidate for any office at the last election. The new collector, Charles Pierce, has also served the county in various capacities, having held the office of assessor and sheriff at various times.

### Pay Your Taxes Now.

All poll taxes due the city have been delinquent since Oct. 1st, and subject to penalty.

All real and personal tax due the city is delinquent after January 1st, so this is now subject to penalty.

It is not the intention of the city authorities to work a hardship upon any one, or to exact a penalty, so all who come in immediately and pay their taxes will be saved this extra cost.

Every one is urged to pay at once. O. H. DEWEY, Ex-Officio Collector. 9

### TRUSTEE'S SALE.

Whereas, by their certain deed of trust, bearing date of the 17th day of June, 1908, being duly acknowledged and recorded in record trust book number 38 at page 463, being one of the land records of the county of Pemiscot, State of Missouri, H. E. Hartwell, T. J. Hartwell, his wife, H. K. Hartwell, Dorothy Hartwell, his wife, J. L. Hartwell and Leona Hartwell, his wife, conveyed to John W. McFarland, as trustee, the following described real estate, lying, being and situate in the County of Pemiscot, State of Missouri, to-wit:

All of lot number two (2), block number one (1), in Waits addition to Pasadena, Missouri, as same appears on the recorded plat of said addition.

Which said conveyance was in trust to secure the payment of a certain promissory note, therein particularly described and, whereas, default has been made in the payment of said note and the interest thereon.

And, whereas, the said John W. McFarland has refused to act as trustee, now, therefore, I, J. A. Franklin, sheriff and acting trustee, and at the request of the legal holder of said note, and in accordance with the provisions and stipulations of said deed of trust and by virtue of the authority vested in me, will on

Saturday, April 1st, 1911

at the postoffice in the City of Pasadena, Pemiscot county, State of Missouri, between the hours 10 o'clock in the forenoon and 5 o'clock in the afternoon of that day, offer for sale at public auction to the highest bidder, for cash in hand, all of the above described real estate and personal property to pay said note with cost of executing this trust.

J. A. FRANKLIN,  
Sheriff and Acting Trustee.

### Money in the Bank

means independence in the heart and mind. Trouble rarely meets the man who has been provident and put aside his surplus earnings week by week.
